## **STAND UP FOR PUBLIC EDUCATION.**

The General Assembly is preparing to cut \$1.8 billion from public education funding. This means approximately **30,000** education employees or 1 in 6 educators **will lose** their jobs.

This will **destroy public education as we know it!**

Many senators and delegates claim that these cuts are what their constituents want.

As a citizen and a tax-payer, is this really what you want?

## **DON'T SIT QUIETLY WHILE IT HAPPENS.**
